THE GOOD LIFE

Skiing is divine and all, but when it comes to Aspen, the “whoosh” is in the après-ski scene—in fact, leaving it behind always makes us a little wistful. That’s where **The Residences at The Little Nell**—a place that combines luxe hotel living with home ownership—comes in. The private residence club offers 26 suites and eight deluxe lodgings situated slopeside at the base of Aspen Mountain. A beautiful view, top-notch skiing, state-of-the-art architecture, and great shopping and dining? Sign us up for some of that! Visit rlnaspen.com.
